

North Shore Environmental Consultants Inc. is a progressive environmental company that specializes in providing environmental management and consulting services. Since our inception in 2002, North Shore has offered cost efficient and effective solutions to the complex environmental challenges faced by today's industries. We offer our employees exceptional career development opportunities and an excellent team-oriented working environment.

North Shore is currently seeking an **Intermediate Environmental Consultant** for our **Reclamation and Remediation Team**, based out of **Sherwood Park, Alberta**.

Key Responsibilities:

- Assist with the coordination and execution of Phase 1, Phase 2, and Phase 3 Environmental Site Assessments through to reclamation certification
- Coordinate and supervise small and large scale reclamation and remediation projects in central and northern Alberta as well as northeastern British Columbia
- Complete vegetation assessments and weed management activities in forested, tame pasture, and cropland settings
- Coordinate and complete Detailed Site Assessments
- Assist during initial spill response projects as required
- Complete daily cost tracking and project status reports
- Ensure that project requirements are met in a timely and effective manner
- Prepare technical reports
- Provide assistance to senior staff in the office, as required
- Promote our company's vision, mission, and principles

Qualifications:

- 3 – 5 years of consulting experience related to remediation, reclamation, or environmental science
- Proficient at completing Detailed Site Assessments using the 2010 Reclamation Criteria for Wellsites and Associated Facilities
- Familiar with the Alberta Tier 1 and 2 Soil and Groundwater Remediation Guidelines
- Good understanding of upstream oil and gas regulatory requirements in British Columbia will be considered an asset
- Comfortable working around various types of heavy equipment
- Excellent vegetation and weed identification skills
- Willingness to travel and be in the field for extended periods of time
- Technical Diploma or University Degree in environmental science or related discipline

NORTH SHORE
Environmental Consultants
